HEAR FROM THE HEADMASTER

SPCS Families,

Despite the evening rains, we survived this week! I am happy that many of you safely made it to Parent Night on Monday. I know the teachers were excited to see you and fill you in on everything happening in the classroom. Conference Day, in a couple of weeks, will allow you to have that one-on-one time with your student's teacher. We look forward to welcoming you to campus on the 16th!

The rain did not deter our sports fans either. We had full stands at our volleyball and soccer games this week. If you were one of them, you witnessed some great games. Our volleyball teams won 3 of 4 and our soccer team won their rain-shortened match as well. Go Saints!

"You heavens above, rain down my righteousness; let the clouds shower it down. Let the earth open wide, let salvation spring up, let righteousness flourish with it; I, the LORD, have created it." Isaiah 45:8

In Him,
Bobby Hunter

UPCOMING EVENTS

Labor Day - NO SCHOOL
9/2/24

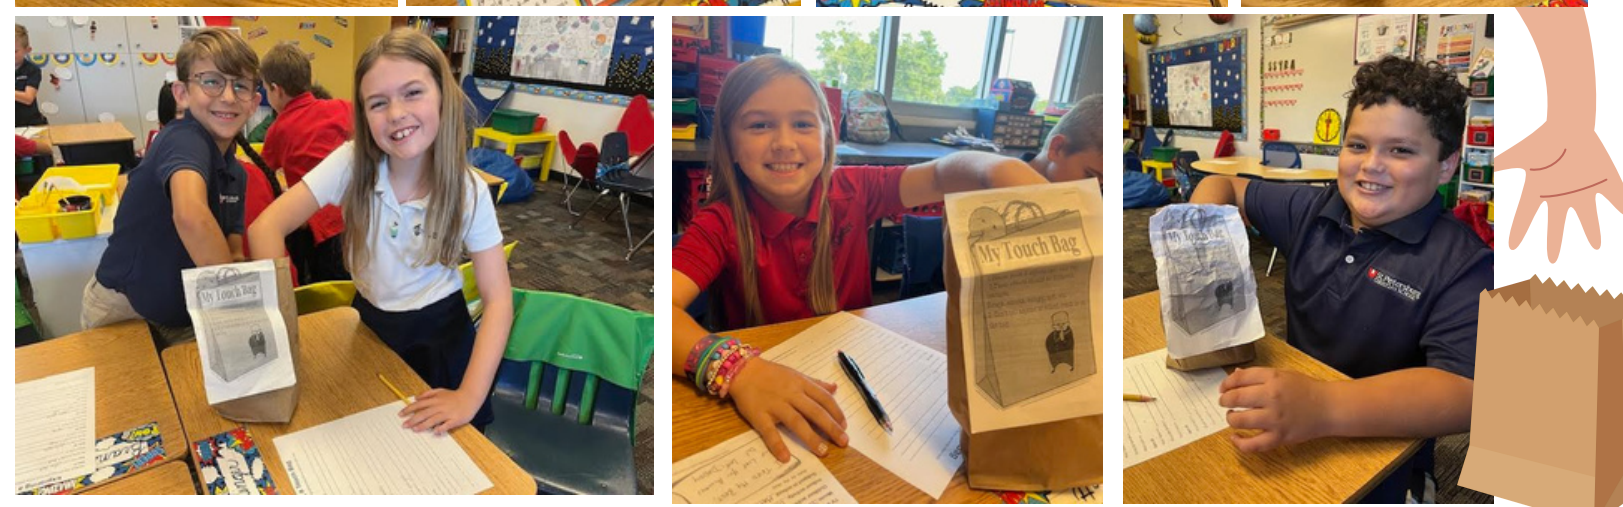

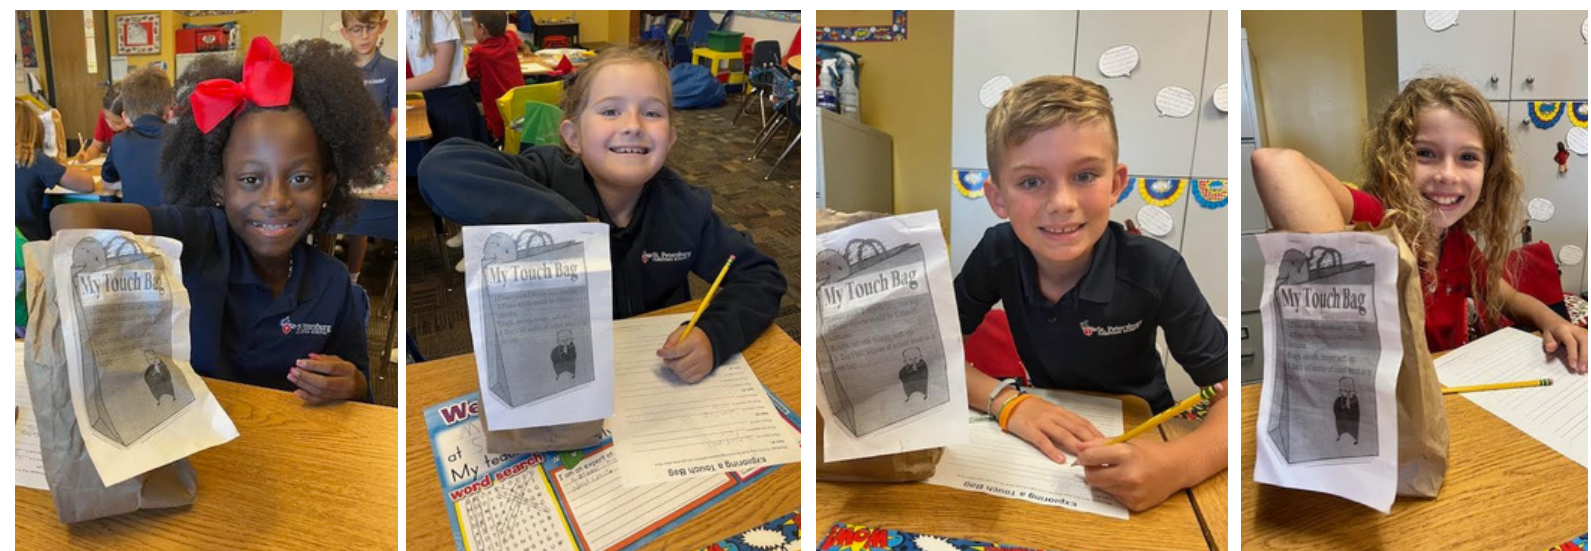

Conference Day - NO SCHOOL
9/16/24

Picture Retake Day
9/24/24

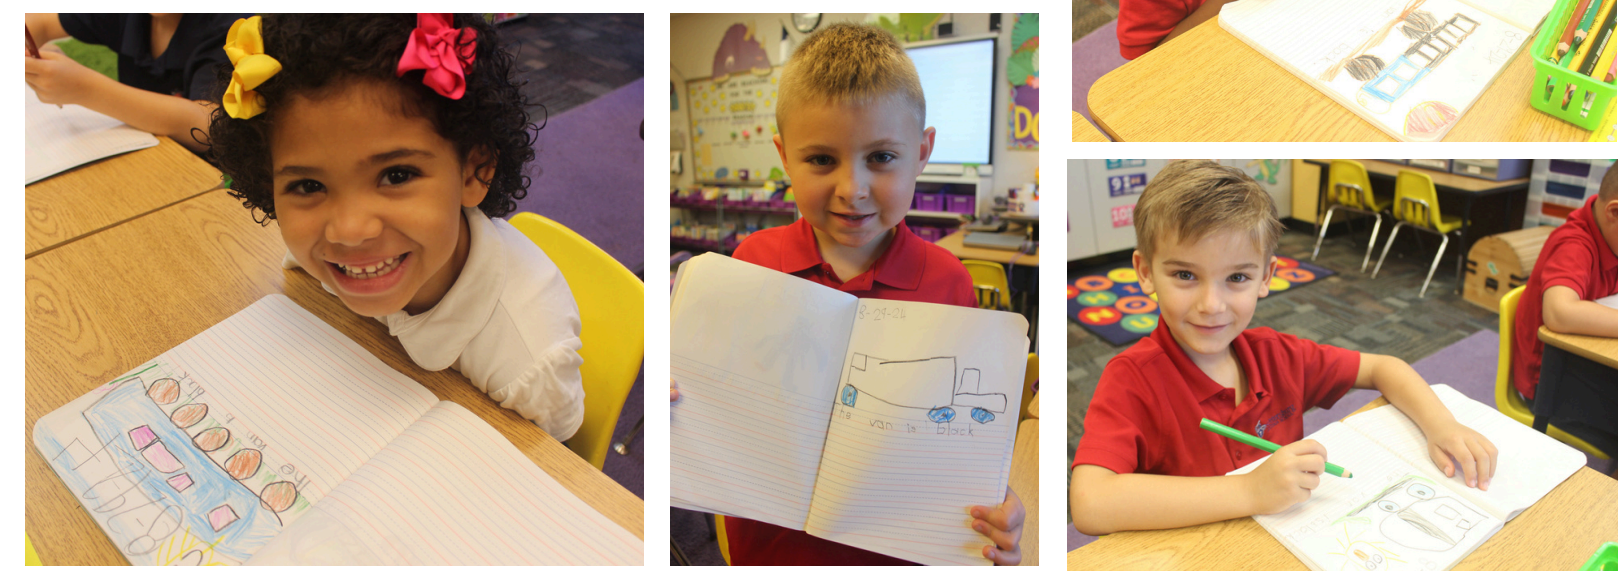

3RD GRADE SCIENCE

Third grade students used their sense of touch to figure out what was in each Touch Bag. They had some creative ideas as to what to include in their bags!

KINDERGARTEN HANDWRITING

The morning journals in Miss Dorsett's Kindergarten class are getting better and better! Students are perfecting their letter formation, capitalization, and punctuation. They also draw a picture to match the daily sentence!

GET TO KNOW KINDERGARTEN

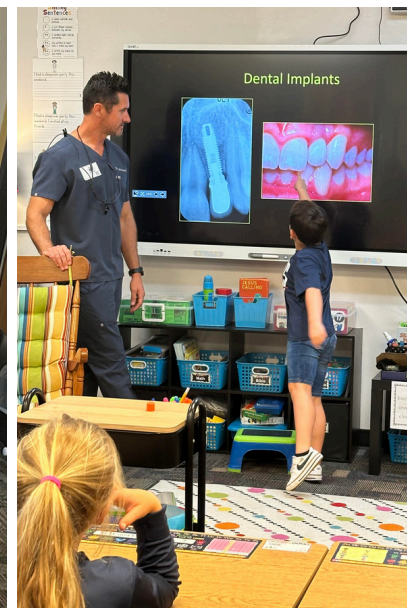

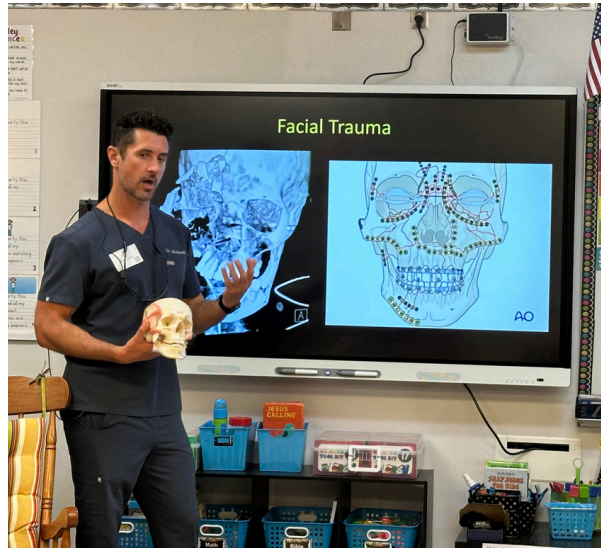

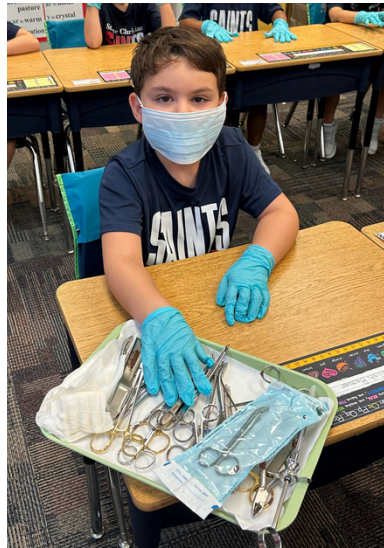

Mrs. Patterson's Kindergarten class shared their "I AM" special projects this week. Each one decorated a character with things that tell all about them.

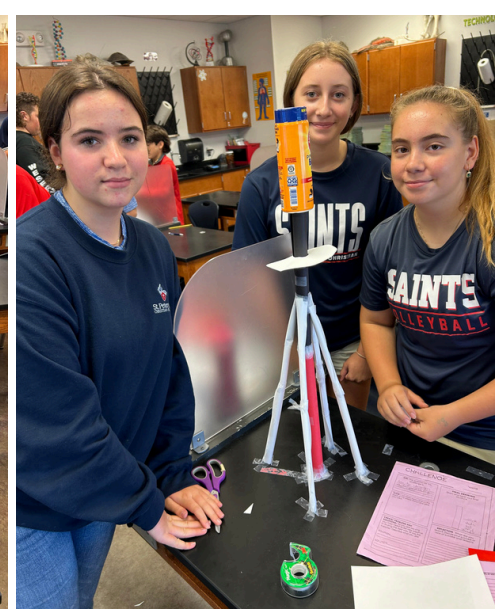

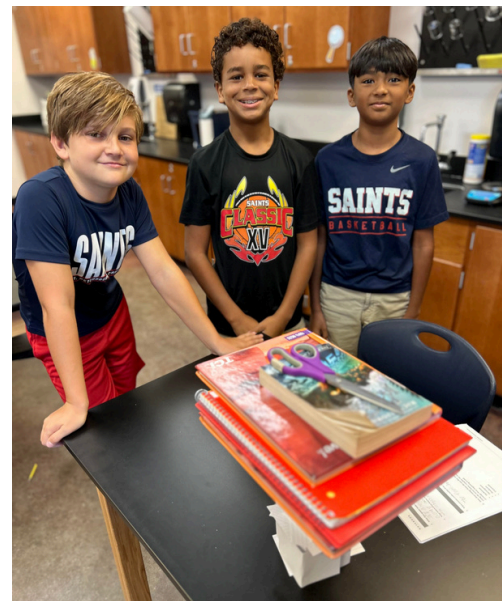

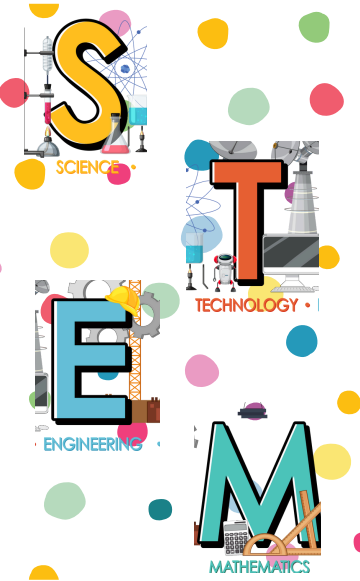

1ST GRADE GUEST SPEAKER

Dr. Jakubowski joined Mrs. Hunter's class as part of their community helpers unit. As an oral surgeon, he shared what his job is as well as provide students the opportunity for hands on learning.

MIDDLE SCHOOL SCIENCE

Middle school students completed several STEM challenges in the Science lab this week. In teams, students were tasked to find solutions to different problems. They incorporated skills from math and science to find solutions. They engineered paper towers, built wooden buildings, and tested the strength of index card structures.

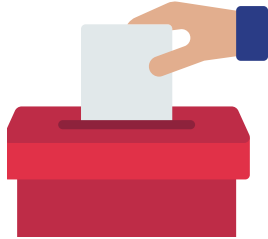

STUDENT GOVERNMENT ELECTION RESULTS

Congratulations to the students elected by their peers to represent them for the 2024-2025 school year.

Officers

Justin G. - President
