## Headmaster's Message

SPCS Families,

October is here, and even if for only a few days, we all enjoyed the cooler weather this week. Our students are continuing to do a great job in and out of the classroom. This past Thursday evening many of our 8th graders were inducted to the National Junior Honor Society. I am so proud of each of you for earning this honor. I know that God has a great future for all of you.

Last week I met with our COVID Taskforce. We looked back on how well our first quarter and started laying out plans for moving forward. Please watch for an email in the coming weeks that communicates our next phase as we enter the second quarter.

“...I am convinced and confident of this very thing, that He who has begun a good work in you will perfect and complete it until the day of Christ Jesus” (Phil. 1:6).

Have a great weekend!

# Upper Division STEM

Our Upper Division students worked in a STEM challenge to enrich their units of knowledge. Our fifth graders made STEM mini-straw towers, our sixth graders built football goal posts and measured and collected data, our seventh graders made model arms, and our eighth graders looked at the effects of force on their rockets. Way to go Upper Division scientists!

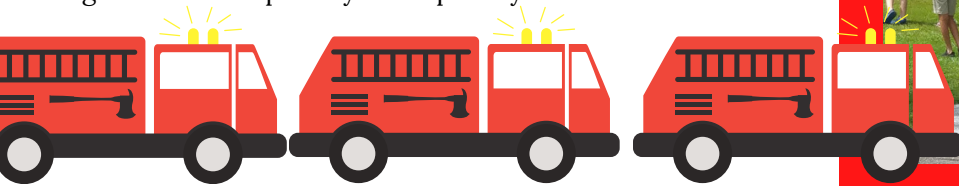

# Amazing Artist on Display

Check out some of the latest projects on display from Art class! Fourth graders recently worked on self portraits, highlighting their best quality. Other Lower Division students showed their sweet side with yummy treat illustrations and tried to leave their mark for International Dot Day. Excellent work by all!

# Fire Drill Practice

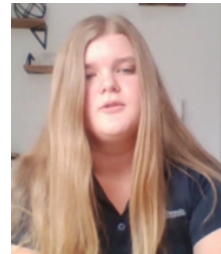

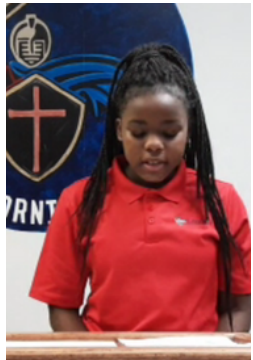

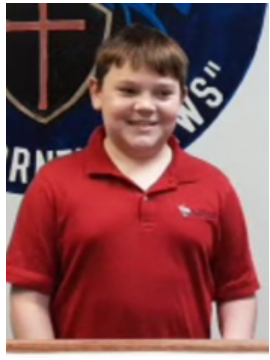

Students had their first fire drill practice this week. Everyone did an excellent job getting to their designated area quickly and quietly!

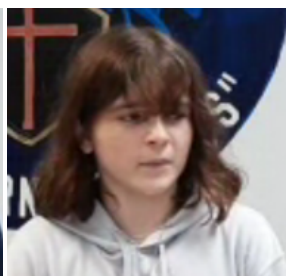

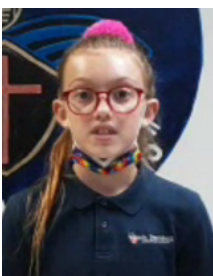

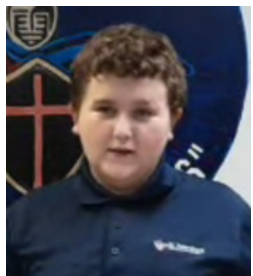

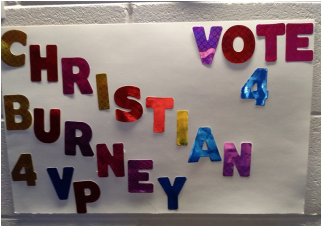

## SGA Campaigns Successful

Our Upper Division Student Government candidates made their speeches in front of their peers on Wednesday hoping to get their vote! They have also placed campaign signs around campus to promote their ideas. Check out the results below.

# Congratulations NJHS Inductees

The 2020-2021 NJHS Class was inducted Thursday, October 1 in an evening ceremony in the gym. Inductees were honored at an event hosted by SPCS and included remarks on the tenets of NJHS by past NJHS Officers, and SPCS Alumni, Emarie S., Natalie W. Parker B., and Chloe H. Parents attended the recognition ceremony as eighth graders received their certificate and membership cards. We are looking forward to a great year of service with these students!
