HEAR FROM THE HEADMASTER

SPCS Families,

I am very proud of ALL our students! They did their best on SAT testing last week. Thank you parents for having them to school on time, rested, and ready.

My hope is that as we wind down this school year, students will stay focused, enjoy their time together, and grow closer to Him. With the celebration of the Resurrection of Jesus almost here, there will surely be focus on the eternal life that he has given those that believe and the importance of living our lives with and for Him.

"But seek first his kingdom and his righteousness, and all these things will be given to you as well." Matthew 6:33

Enjoy the rest of your week and have a Happy Easter!!

Bobby Hunter

UPCOMING EVENTS

Good Friday - NO SCHOOL
4/15/22

Easter Monday - NO SCHOOL
4/18/22

Abbreviated Day
5/6/22

Spring Concert - Grades K-4
5/10/22

[Sports Calendar](#)

7TH GRADE STEM LAB

The 7th graders worked to create a seed dispersal device this week during SAT testing. As they prepare for the Nature's Academy field trip, students are learning about botany. Each group designed a device to allow seed dispersal through wind or gravity. Great work junior engineers!

NJHS BEACH CLEANUP

As part of their commitment to community service, 8th grade NJHS students participated in a beach clean-up. Students removed trash from the beach and water area at Treasure Island beach this year. Our SPCS students worked to beautify the surroundings and glorify the Lord's work. Great job NJHS!

Popcorn
\$1.00
THURSDAY, APRIL 14

Two red and white striped popcorn buckets are positioned on either side of the text. Each bucket has a white oval with the word 'POPCORN' written in red.

POST TESTING FUN

Students enjoyed fun afternoons this week after spending the morning testing! The fun included a talent show, games, sweet treats, movies, animals, teacher v. student dodgeball, and other light hearted, brain break activities!

TORMENT

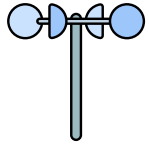

the teachers

Students raising \$100 for the 2022 Fun Run got to have fun tormenting a teacher as a reward!

6TH GRADE SCIENCE

During SAT testing week, our 6th graders engaged in some fun activities in Science. Students worked in teams to create weather devices that tested two aspects of weather. Each unique device was planned and designed by each group.

LET'S RALLY FOR CHLOE THE PRINCESS WARRIOR

Those that were here several years ago remember how our SPCS family came together to pray for and support the Grimes family while precious Chloe battled lung cancer at the age of 2. Chloe is not only a fighter but a WINNER! A little more than 5 years ago Chloe's little body conquered cancer and was in remission.

After her victory, Chloe the Princess Warrior grew into a beautiful young softball playin', bug catchin', challenge all the boys kind of girl. After years of clear scans, recent scans show our girl is going back into the ring to fight cancer found throughout her thyroid.

For those that are not aware, Chloe's big brother, Camrin, is an SPCS 8th grader and will graduate in May. Chloe and her other brother, Clayton, will join us at SPCS next year!

Chloe has her thyroid removal surgery scheduled for May 3rd. Following the surgery she will have several rounds of intensive radiation to rid her body of any remaining bad cells. The intensive treatment plan requires Chloe to isolate several times in germ free environments. This will lead to her parents having to take time off of work to be at her side.

So let's rally to help support the Grimes family! With your help we can minimize some of their financial burden so they can be by Chloe's side throughout this lengthy process.

Purchase a Rally For Chloe Bracelet and know that 100% of the funds will go directly to Chloe!! If you are not able to financially contribute, please keep our girl in your prayers. We have seen firsthand the miracle of joining in prayer for Chloe's healing!
