## HEAR FROM THE HEADMASTER

SPCS Families,

It's hard to believe that we are halfway through the school year. I am very proud of each of our students and the progress they have made since August.

On behalf of the SPCS faculty and staff, I wish you and your family a very Merry Christmas. I hope you have a wonderful time together as a family celebrating our Lord and Savior, Jesus Christ.

"Though you have not seen him, you love him. Though you do not now see him, you believe in him and rejoice with joy that is inexpressible and filled with glory." 1 Peter 1:8

In Him,  
Bobby Hunter

## UPCOMING EVENTS

# 8TH GRADE SCIENCE

Our 8th graders have been learning about energy and force used in theme park rides, including rollercoasters, and visited Universal Studios in Orlando for Physics Day. They learned about plotting coordinates and the Cartesian system in Science and Math. Students then practiced coding a theme park ride's path before boarding the ride to see their work in action. They spent the rest of the day enjoying the park!

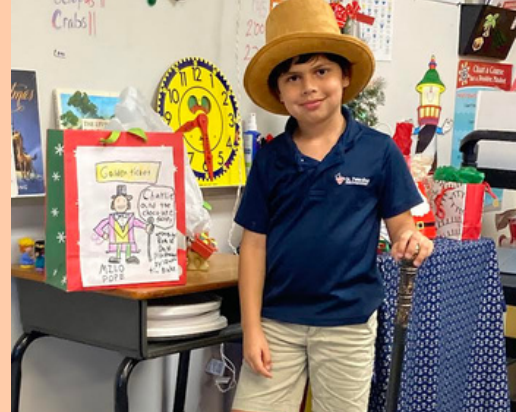

# 3RD GRADE TRADITION

The 3rd Grade holiday tradition is to build gingerbread houses. This year's students loved it too!

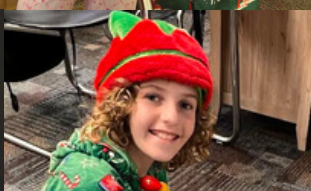

# 2ND GRADE READING

Second graders are learning about different book genres. Mrs. Koon's class created gift bags for the fantasy genre. They read a book and then included information about the book on and in their bag to present to the class.
